Connecting With Family *by Bishop Michael Wright*

I have children that are in different stages in their lives. My oldest child is 28 years old with a son of her own and my youngest is two years old with six more children in between. Each child has their own personality and likes to make their own decisions. I am surprised at times when I see the different decisions each of them makes while all being raised in the same environment. It is a reminder that they are children of their Heavenly Father first.

I am constantly searching for ways to improve my effectiveness as a father and connect with my children and have them follow through with their obligations while keeping my blood pressure in check. As we strive to improve ourselves and our families, we need to remember that the Lord wants us to have joy and happiness in our lives and not to be discouraged, which is the way of the adversary.

Sometimes in our efforts to improve, we forget that change and growth take time. We should not expect overnight perfection from either ourselves or other family members. However, enjoying our families now

is one of the joys we should accept.

I found the table shown at left, and it serves as a good reminder on the way we should treat our family members. It also provides the antithesis to the Lord's way of communicating or the way the adversary would have us act. Following the Lord's way will build relationships for the eternities.

The Lord's Way	The adversary's Way
Love unfeigned—charity, caring for others' welfare despite any wrong doing.	Physical force—being hostile and unfairly using physical strength.
Acceptance—seeing others in eternal perspective, judging with compassion.	Blame—condemning others' faults without compassion.
Integrity—being honest, a personal commitment to righteousness.	Accusation—provoking guilt, reminding people of their mistakes to punish them and justify oneself.
Persuasion—teaching with compassion, kindly pointing out advantages and disadvantages of situations.	Intimidation—ruling by fear because others are afraid of one's power.
Gentleness—soft, not treating others harshly.	Threat—expressing an intent to physically or emotionally harm someone.
Trust—lovingly allowing others to exercise their agency to choose right or wrong and to accept the consequences.	Pride—self-righteously preaching moral truths and condemning others.
Responsibility—acknowledging and assuming your role in any situation including repenting for past wrongdoing.	Self-centeredness—refusing to accept responsibility for your actions.
Meekness—humility, uncomplaining, and teachable	Haughtiness—being unteachable, proud, and pessimistic.

Condolences

To Sister Helen Jane Midgley, family, neighbors and friends on the passing of our dear Brother Norm Midgley.

Tyler Freebairn is excited to turn eight this month and be baptized. He set a goal to read the Book of Mormon before he turned eight, and has been reading about 15 pages a day on his own! Tyler loves to play outside with his cousins and ride his bike.

Richard Davis will soon be 14 and he will be advanced to the office of Teacher in the Aaronic Priesthood. He is friendly, outgoing and a very good artist. In addition to camping, Richard loves to play video games and build with Legos.

Our ward has three beautiful Young Women turning 16 this coming month: Seneca Zaugg is a great "big sister" and babysitter. She's helpful, kind, patient, fun, crazy and a joy to all who know her! She loves to bake, sing, do pottery and hang out with her friends.

Sabrina Hooker loves theater and loves to cook. She's a smart cookie and takes many IB classes at school. Sabrina is a great helper at home and is a much sought-after babysitter because she always brings crafts and fun things for the kiddies to do!

Allee McKenna is a well-rounded teenager! She is a wonderful teacher and can teach anything! She's so good with children. Allee is very athletic and loves all sports. Most of all, she is a very happy person and is a joy to be around. All these girls will be moving into the Laurel class in Young Women.

Sister Elizabeth Barnett spoke in Sacramento meeting on May 27, and entered the MTC on May 30. We are so glad she will be serving from our ward in the Philippines Cawayan Mission. Her parents are Ken Barnett, and Robin Parker, and her grandparents are Phil and Barbara Barnett.

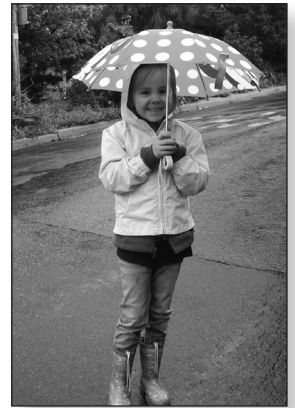

CONGRATS CLASS OF 2018

What a beautiful group of graduating Seniors we have from our ward this year! Just look at these excited, enthusiastic, joyful faces! Most of them spoke in Sacrament meeting on Mother's Day in May and there wasn't a dry eye in the chapel. And this awesome group all graduated from Seminary as well, on that same Sunday.

From the top left is **Maycie Dalley**, who will be traveling in Europe this summer and other places the coming year. Next spring she will attend UVU. **Paige McKenna** will be working at the Davis School District printing office this summer and attending USU in the fall. **Preston Hooker** will be working two jobs this summer! He will be working in construction and also at "Fizz," and waiting for his mission call. **Kierra Hansen** (inset) is excited to work up at beautiful Bear Lake this summer and will attend BYU while waiting for her mission call. (Front Row) **Alex Zaugg** (inset), will work this summer and is expecting his mission call soon. We will certainly miss Alex and his family as they move to Arizona. **Talicia Porter** will have lots of adventures working as a nanny this summer and looking forward to her mission call. **Marijke Leonard** will be working in respite care this summer and attending Weber State in the fall. **Gabby Fleurant** (inset), will be working at Bountiful High School this summer and attending either Weber State or the University of Nebraska to play basketball.

Best Wishes and Good Luck in all you do!

Saturday, May 12 was a chilly, rainy morning, but that didn't dampen the spirits of many neighbors and ward members as they turned out to lend a helping hand to friends needing a little extra help in their yards. There were about 15 projects around the ward and many thanks to Sister Amber Gardner and many "project captains" who helped coordinate the efforts. Several full trailer loads of weeds, debris and limbs were taken to the the landfill. High-five to all the hardy men, women and children who pitched in with such cheerful hearts!

See if you can spot some familiar faces in the photos. Thanks Amber Gardner and Ron Young for the pics!

The Prophet Joseph Smith said, "Happiness is the object and design of our existence; and will be the end thereof, if we pursue the path that leads to it; and this path is virtue, uprightness, faithfulness, holiness, and keeping all the commandments of God. But we cannot keep all the commandments without first knowing them, and we cannot expect to know all, or more than we now know unless we comply with or keep those we have already received." (Teachings of the Prophet Joseph Smith, sel. Joseph Fielding Smith)

Heavenly Father wants us to succeed as individuals, as parents and as families. To help us, he has provided important guides, such as the scriptures, a living prophet and other Church leaders, and the Holy Spirit. All of these different guides can help us understand and apply the gospel principles that will bring joy to us and our families.

When I practice following the Lord's way, I testify that we will have a better feeling in our home and greater feeling of love and respect for each other. May we all strive to follow the Lord's way. When we do, great blessings are in store and happiness will abound.

We love you! Michael Wright and the 5th Ward Bishopric

RELIEF SOCIETY

Our Relief Society Council discussion on July 1 will be about personal and family histories. Please come prepared to share ideas for simple ways to create personal

or family histories. How can we make the task less daunting and more enjoyable? How has your life or the life of someone you love been enriched by a preserved history? Elder John H. Groberg explained the importance of writing life histories: "By writing personal and family histories we are helped immeasurably in gaining a true eternal perspective of life. Writing our histories with the proper blend of fact and feeling (and so often, feelings in spiritual things are the real facts) gives us a deep spiritual insight into the meaning and purpose of our lives."

What a blessing! Let's help each other obtain it! How do you find the time for life histories? Do you have a specific writing or preservation technique that works for you? We look forward to learning from one another tips and tricks to simplify the writing of life histories so we may be inspired to work on this important task and be so enriched!

Please note the June Relief Society activity planned for Tuesday, June 19. It should be great!

CUB SCOUTS

On May 16, the Cub Scouts and Activity Day Girls combined to have an exciting activity at Lewis Park. Leaders and family members helped the girls and boys prepare

their "stomp rockets" out of 2-liter bottles. The rockets were launched with varying degrees of success, but no lack of laughter and fun for all.
