Monday 16 - 1989: Evelyn and I cleaned the cupboards, frig. put items away to store in the attic. We divided food between Ed & Brenda. Bruce & I took us to dinner at Ando's Chucky's.

Tuesday Jan. 17, 1989 Bruce borrowed the truck old chev. in the garage. Edward & I took money & checks to the C.U. to deposit it in checking.

\$50.00 that we received at our farewell, plus \$1000.00 from our savings to make sure we had enough in checking. Went to insurance office about our truck insurance. Had to lease it as it was as Bruce is going to use the truck as the old car's transmission is broke and car too old to put more expense in it. Edward & I packed a lot of items in the trunk of the car. Bruce, Evelyn, Bruce and Brenda went with us to the Stake House to be with us when we were set apart. Bep. Berwin and Betty and Nance Collins was there also.

Pres. Robert Neiken set Edward & I apart as full time missionaries of the Church of Jesus Christ of Latter-day Saints. He was assisted by his counselors Keith Hardy & David Anderson. He gave us wonderful blessings of health, safety and the wisdom and knowledge to help spread the Gospel.

Later the kids & us went to the Artie Circle for eats.

Madyn & Bruce went home. Bruce, Brenda, Edward & I listened to part of the tape of our farewell program.

Arrived at M+C. Provo, Utah

Jan. 18, 1989 Wednesday. We got up early and finished packing the car. It rained at the Steam. Cleaned the frig. & pulled the elec. plugs. drained the water tank & etc. The house looked so nice and comfy. Had to leave it, but have faith it won't be broken into. Called mother and she said she slept good and felt better today. I do worry about her at her age 94 1/2. I'm sure the Lord is mindful of her. She has been so supportive to us, Moral and financially. I do love her. She gave me \$50.00 yesterday. Penner, Bruce, Brenda, Evelyn, Marlene & Witt came to M+C at Provo with us. We moved clothes and luggage into a nice little apt. with full bed and private bath. We have a district - "Hayward" Branch - HC3 Zone 1 mailbox 98. Room # 2m-132 - classroom 11m-229. Later we all went to Ponderosa for lunch. Bruce bought our lunch plus he gave us \$20.00. We all went to orientation meeting. We said our good-byes with tears. Later Edward & I went to dinner.

The food is good and plenty of it. 76 couples came today. Hundreds of Elders and Sisters. Everyone is so friendly and helpful. We met the couples we are to study with: the Galliers, Spencers, Davies & Hardys. The Davies from S.P. are going to Oakland also. When we toured the area we will live in. Got to our room about 6:30. Got to warm tho. Betty Drigill brought us to rolls to eat - We bought supplies \$3.00 and had a photo taken of us \$1.00. Elder Edward Penner - M+C Pres.

January 19, 1989 Thursday. We get up early. Shower and dress - prayers and to breakfast at 6:20 AM. We had orientation and bought training material, needles & face cream. (\$55.10). We met our class instructor - Elder Arnold. We checked thru our study material. 2nd afternoon class Elder Weber had us read through the 1st Discussion "The Plan of our Heavenly Father".

At dinner we met Janalene's friend "Elder Chase" and ate lunch with him and another Elder. They are going to Oakland Calif. mission. We went to Branch meeting - Elder Rock is our Branch Pres. We spoke on M+C 107 - The Priesthood. Edward & I and three other senior couples were asked to tell our names, hometown, area of our mission & to hear our testimonies.

The Davies from beautiful - Oakland mission

The Gallier - Provo Texas - Houston

The Spencer from California = Jacksonville, Florida

Dana Missionary Farewell

First of all I want to thank Evelyn, Bruce and the grandchildren - for their ~~interest~~ willingness to help us with ~~our~~ the program today. This is a wonderful sight to have our family, mother, grandchildren - brothers, sisters, relatives, friends & neighbors here to give us their love and best wishes as we depart.

Perhaps you might be interested how we came to a decision of going on a mission at this time of our lives with some of the health problems we have.

While listening to Elder David B. Haught speaking at General Conference in Oct. calling on mature couples to prepare to serve missions, and don't wait for your bishop to call you, go to him and tell him of your feelings & desire and he can guide you.

When I heard that I had a feeling inside of me that I would like to serve. I said to Edward "I'd like to go on a mission" and he said "Would you?". Not much more was said.

The following Sunday after attending the block meetings we were almost to the outside door when we stopped and mentioned we ought to go to see the Bishop to inquire what we

should do about going on a mission. He was in his office and invited us in. We just sat down when Edward said "we want to go on a mission". When the Bsq. recovered from the shock he ~~was~~ talked with us.

Then I thought we would discuss procedure etc. but he rummaged in the drawers and found some obsolete forms for us to fill out and we were on our way.

I had read a few scriptures in Dec. - Col. 4:3. "Therefore if ye have desire to serve God, ye are called to the work." and 1+2 Cor. 6:8 "Verily, verily I say unto you, as ye desire of me, so it shall be unto you, and if ye desire ye shall be the means of doing much good in this generation".

That night I woke up with a start with these thoughts racing in my mind.

Well Shirley - what have you done? What have you gotten yourself into now? Then I got the "if's".

What if mother gets sick and needs me?

What if our kids or grandkids

Friday Jan. 20-1989 Cold morning. Full day of studying and training. Started to learn the 12th Disc. After the classes. Come back to the apt. & soaked in the tub. The three meals we have each day are delicious. Can have anything - fruits, veg., salads, main courses - sandwiches - soft drinks - desserts. So fun to eat here and not have to cook or wash dishes. We eat with couple - Eldon & sisters. We ask who they are, from where and their mission. Jim & Allen Davies are on our study group and we are going to Oakland with them (travel together). They are friendly & they.

Saturday Jan. 21-1989 Cold morning. Heavy frost. Got up early 5:30 A.M. and had breakfast and rode with Sister Davies in their new Mercury car and we attended the Temple session. Went free clothes. Edward & I got the laundry cleaned & dried at the laundry room. 25¢ a load to wash & dry. The room was full. The Elders had their black socks in the same washer as white garments, trousers, gym clothes & etc. Some were more wrinkled than when they were put in the washer. Some were from Samoa & Hawaii and had a colorful cloth around their waist. One sister tied hers around me for fun. The Elder from Hawaii and going to Oakland. We helped one woman from Georgia (what a drawl) brought Spain. This is another world here. So many people & all so friendly and interested in each other. After lunch the Davies come to our apt. and we studied the Calif. map to decide how to get to the mission home. We have the day off until 5:00 clock. Later we went to the Bookstore for soap, etc. we sent two rolls of film to be developed. Put a collect call to mother and talked to her awhile. She is fine. Mr. sent cough medicine & pills to her. We asked her to call around to tell him not to send any mail here to mtc other than letters as we would be home on Feb. 4 before leaving for Calif. on the 7th. Enclya was visiting mother & we talked to her awhile. Everyone is fine.

We attended a short study class, Presentation of the Book of Mormon. Sunday, January 22, 1989. mtc. 7:00 A.M. Edward attended P.M. meeting. At 8:00 clock we attended a Goal and Planning meeting with our Branch President Rock and his counselor Elder Lund.

Class study on the topical guide and Bible dictionary and how to use them. Attended a seminar on Perfect the Saints and Welfare. Received our first letters from Mother and Bruce. All is well. Later in the day we received a letter from Evelyn. So happy to hear from all. In class we studied about the Topical Guide & Dictionary. How to look for references. The film of Boyd K. Packer "The things of my soul" was shown during a seminar. [2 Nephi 1:20; 1 Nephi 7-12; 1 Nephi 5-6; Mosiah 3:19; 2 Nephi 32:25 1 Nephi 11:17 Mosiah 2:17 Mosiah 4:30; Helaman 5:47. We attended another seminar on welfare. Elevate the Poor.

Quotations: Elder Robert B. Dinkins:

Obedience: Necessary to success. Obey the mission rules. Do what the mission Pres. asks you to do. Follow the handbook. Find a principle <sup>to</sup> ~~the~~ true and live it.

Our alliance is to the Lord and His Church.

Don't shield sin. If you see someone isn't conforming to standard report to proper authority - or help them get on the right track.

Allow the Spirit to conduct our lives.

Prayer and proper attitude.

Medicine - Faith - Prayer - to have the Holy Ghost to help us.

He then talked about the nature and identity of the Holy Ghost and then the gift of the Holy Ghost.

1 Nephi 11:11; John 4:6; John 4:16;

Read 116c 50; 116c 42:14; Ezekiel 2:2; Luke 24:32

A few was an inspirational meeting. About 1700 missionaries in attendance. Most of the young missionaries - Elders & Sisters sang a powerful and beautiful song. I had goose bumps. Then Bro. Dinkins inspired message. He said another 300 missionaries would be in need. to bring the number to 2000. for awhile. By summer between 2400-2500.

1-25-89 mtc.

Edward assigned a 5 min. talk for sacrament meeting. We learned more of the discussion in our class. Set our felts of Christmas and our farewell dinner. Some didn't take - Jack, Valerie, Blake & friend. 300 missionaries arrived here today. One was Blake's friend Blaine Preshears. We talked to him at dinner. Received a welcome letter from Mother. Everyone is rallying around to visit and help her. A blessing for all. Sun show today. Wrote to sis and Floyd.

1-26-89

Our afternoon teacher (Elder Weber) took us through the first

discussion. We were nervous but he was so helpful. We need to practice a lot but experience is a good teacher. Received a welcome letter from Betty & Ben Herwin. He tells us of Violet Anderson son receiving a liver transplant. Had to remove a kidney and gall bladder. Joan Kuffler's father died of cancer. He says they miss us to. Wrote thank you notes.

Branch meeting: Branch Pres. Henry Rock spoke about the purpose of temples. No information. Enjoyed it. We read from the following scriptures. 1st Cor. 13:2-4; 13; 1 Cor. 6:59-60; 1st Cor. 88:3-4; Math. 16-17; 1st Cor. 110 1st Cor. 132.

1. The importance of keeping the Gospel ordinances are crucial to all of us.
2. New and everlasting Covenant. The fullness of the Gospel. Are ordinances.

Sealed by the Holy Ghost 1st Cor. 88:3-4. Holy Ghost ratifies the sealings in the temple. Sealed by the authority of the Priesthood is valid.

By the compliance of living the Gospel (all ordinances & laws) entitled to the ratification of the Holy Spirit (Holy Ghost).

3. The Prophet of the Church holds the sealing keys of the temple. He authorizes the keys to his counselors and 12 apostles.

4. Our mission prepare us to meet the Saviour. So enjoy His blessings and promises.

Studied the discussion on Faith - Repentance + Baptism - Friday 1-27-89

I sat out. we had to attend a clepture meeting. to remind us that we represented Christ & His church. How to act. Obey the mission rules. Come home + want to bed. Edward gave me a blessing as I was so sick. Sometime I woke up in the night and realized I wasn't as sick as when I went to bed. Our

prayers were answered. Earthquake at 9:05 pm. Didn't feel it.

Monday Jan 30-1989 Study class all day. Can breathe better but not feeling perky. Stayed home from evening practice class to rest.

Missionary work can be discouraging but here is the antidote:

Partaking of the sacrament with an eye single to the glory of God.

4 C of the sacrament

1. Communion: united, together with the saints
2. Commemoration: of a living Saviour: Jesus Christ lives.
3. Consecration: Covenant to serve Jesus Christ. totally committed to Jesus H. in.
4. Commitment: accept missionary calls & etc.
5. Contemplation: meditation. Center our thoughts on the Saviour.
6. Commandment: Thou shalt go to the house of prayer & etc. (Not: wouldn't thou or couldn't thou.)

1st Cor. 27: Eye single to the glory of God.

1st Cor. 88:67 Whole body filled with light (Holy Ghost) to comprehend all things.

February 1, 1989 The weather is mild, breezy & throwing the snow.

We role-played how to teach inquisition and got some idea what it is like and instructor gave us good points on how to improve. Edward saw the Doc. at the m+c Health Clinic. He gave him a shot of medicine in the hip. This is to help his leg from hurting. We received a letter from Jack & Valerie. Jack starts Chem-therapy on Feb. 14. Leukemia has returned. We feel so bad. He gets so sick from Chem. This will be the 2nd time. We took pictures of our study group and teachers plus receiving their address. Bought Edward & I were tour guides for 3 new couples new today. It was fun to meet them and show them around.

Feb. 2-89 10" snowfall in Davis Co. I chook cloud. Airport cloud white. 2" fell here in Provo. We had more storm coming. Edward had 2nd procedure shot to help his leg pain. We enjoyed our close period study with Elder Ansted. He had us review the 4 discussions. We attended Branch meeting. Very interesting. Eileen new senior couples all spoke & bore their testimonies. All were called to be Directors to various visitor centers. We heard quotes such as "Hoopdey-do - the Gospel's tree" "Do your best and the Lord will do the rest."

"I'm so busy, I haven't got time for my sin".  
 III Nephi. 3:6 "Therefore go, my son, and thou shalt be favored of the Lord, because thou hast not murmured."

D+C 31:5 (pg 55) Alma 34: 8-9

scrip: D+C 84: 33 pg 157 - Jacob 1: 17-19 pg 119. D+C 110: pg 229

Pres. Rock shook hands with us to bid us  
 farewell. Ask the Lords blessings to be with us.

Wrote a letter to Pres. Rock. Thanked him for his concern & friendship.

"How my confidence & knowledge of the Gospel has increased & the truthfulness of it."

Feb. 3-1989 Snowing. Edward didn't rest during the night. I believe the  
 shots he got for his leg cramps upset his stomach. He ate a light meal +  
 rested. I attended a lecture from Sherman M. Krump - Managing Director  
 of the Missionary Dept. He said the Lord wants us to use modern invention to  
 use it wisely. The church is buying time to show video of "Heavenly Father  
 Plan - Families Can Be Together Forever & etc". Also using the T.V. Guide  
 Booklet to advertise. Have a toll free # 800. To receive <sup>free</sup> copy of Book of Mormon.  
 A new video will be shown "Christ, Plan" about sin - death - resurrection & Atonement.

The missionary dept. had a survey thru the year & discovered  
 18-34 yr. old <sup>1st</sup> interests are: Cars, dates, girl friends, job and health.

2<sup>nd</sup> interest = family + friends.

The dept. tested video with non-Mormons and this is their findings.

1. They don't want to know about God, Church or commandments.
2. God is a teacher.

New theme: "Through Jesus Christ our Heavenly Father has  
 provided the plan for individuals and families to find  
 peace and happiness".

The new video is about "Christ and His Plan". Bible + Book of Mormon

The spot ~~on~~ <sup>time</sup> on T.V. brought big response to send the the  
 free Book of Mormon. Then missionary contact. Let them feel your emotion +  
 know of your feelings. Use your attributes & skill to give the message of the Gospel.

Mention of Prophets - Apostles - Apostasy - they blow them away.

"First the milk then the meat".

Feb. 3, 1989: Friday: 10:30 AM. Special Devotional  
Pres. Robert R. Backman

Told of his mission experiences. Now we are better trained and prepared to go teach the Gospel. He has a grandson in training here at the MTC.

To be successful in missionary work.

- 1. Mine up personal interest
- 2. Submit to serve God.

Sometimes we go to areas "where angels fear to tread". Why? <sup>God's</sup> <sup>Word</sup>  
 Promise: Sanctification in the refining process to be clean.  
 God said I will go before you. I'll tell you what to say.  
 Sin will be forgiven. Body will be renewed.  
 Lord will fight your battles.

Scripture: *1 Cor. 9: 8-10; 1 Cor. 35: 5-8-10; 1 Cor. 84: 33; 1 Cor. 105: 14*

Promise depends on a persons righteousness and to submit to the Lords goodness. Expect: Bring a mighty change in us.

Mormon 10: 3  
52-33

- 1. Put personal life in order - worthiness
- How can I? Thru atonement of Christ
- Broken heart - contrite spirit - Keep the commandments.

- A. Obey the mission rules
- B. Focus thoughts on conversation on mission work
- C. Make daily prayer meaningful

Alma 17: 1-11 U. Sound understanding of the Gospel  
E. Set good example.

1 Cor. 88: 10. "I the Lord am bound when ye do what I say"

After the meeting was over Edward & I shook hands and spoke to Pres. Backman. He asked where we were going and also how Bruce was doing. He was Bruce's mission President when he was in North West mission twenty years ago.

Edward stayed in the apt. to rest. I attended class. We ate supper. Said goodbye to the sponsor. I laundered the clothes. We packed suitcases etc. made our plans to call Davies Mon. night. We travel to Calif. on Tuesday morning. Edward and I have enjoyed a spiritual experience here at the MTC. The dedicated staff - teachers, the Elders, Sisters & the Senior couples. All with the same purpose in mind. Learning more of the Gospel and the Lords purpose for us & how we can best serve Him and His children.

We talked to Blaine Breckner & he showed us pictures with Blake in them.

He said Bud + Mary called him also last night. He said ~~that was~~ the first day he hadn't been to see Mother + later - 2 hrs maybe Bruce called back and he had given Mother a blessing. Said she felt fairly well but peaked. She has had this problem several times but doesn't let us know. Didn't want us to worry. Bruce asked if we should come home + she said that is our decision. Edward + Elder Rose cut plywood + put pieces under both beds and sofa + low seats. All were too soft and sagging. We changed beds around + brought a rocker over here + sent a big chair to storage.

Elder Fredrickson + 7 or 6 Elders worked most of the day moving heavy furniture. Our Elder Sorenson called the apostle for not helping us move. He said he forgot. They don't know we were moving. I believe he called to ~~help~~ help. They never intended on helping.

They put her on oxygen + a catheter to get the fluid out. She had a heart attack and congestive heart failure. Evelyn was there to so we talked to both. Mother was resting. We sure are concerned. Bruce going to try and talk to Mr. Southwick so we might know what to do. Both Bruce + Evelyn said they would support our decision. I feel Mother needs us. Said they didn't need to bother on Mother as he, Bev + Kathy would take care of her. Plus other things. Bruce said he held his tongue. I called the hospital + Bruce was there and got the phone to Mother so she could talk. She told me how she felt + she loved me. I tried to talk to her but she couldn't understand as she couldn't hear with out the amplifier. Anyway I felt better that she was well enough to talk. I had a perm & haircut. \$35.00. Wow. But I needed it.

The Elders - Seanson & Seanson etc. lunched with us. Edward & I met with Pres. Blouid & he said families are first and if we needed to go home we had permission. He would see that our Stake Pres. was notified. Called Beverly & Klop. She was perturbed that Bruce talked to the doctor & she told the hospital to limit the time people visited Mother. We said to please we would come home to help take care of Mother. We called Bruce to let them know we were coming home & to call Evelyn & Ray. Orjill for us. Mother had a heart attack & in the hospital

Sunday April 2, 1989 Overcast day. Mother slept fairly well. We

 and set a chair in the stall so we could sit her down. He enjoyed it  
 but exhausted her. Edward went to watch Her. Conf. with Gertrude.  
 Mother & I watched it also. Mother ate a light lunch. We both napped.  
 She awoke with a pain down her arm, in her chin and throat. Edward  
 was home then. After 15 min. I went to Benner and called the doctor  
 who was taking Dr. Southwick's call. He didn't think it serious but give  
 her ~~to~~ tylenol. On the way back from Benner Edward met me & said

 she wasn't dressed. I visited mother awhile. Dr. Southwick  
 came & checked her. He said he wanted to do the barium test

today. He told me she has some blockage but couldn't do any surgery at her age. would try and stabilize the pain with ~~the~~ Nitro + oxygen and maybe release her Friday. Came home and Edward got the leak repaired. Betty called to ask how Mother was. I talked to Dlossie Morain + she is feeling better. Good to have a phone again. As we were leaving Dr. Southwick met us + said the H.T. test showed the valve between the lungs + stomach was weak + she had to sit up + eat + lie elevated to breathe, plus her "many other problems". Edward woke up kind of dizzy but stayed down until we went to the dentist. Started to feel better by afternoon. After lunch I went to Bev's and got Mother's birth certificate and took all the proofs (driver's license, birth cert, insurance paper & newspaper notice) to Prudential Insurance office and Sandra Lake checked and verified them for proof of mother's age. She said the policy will be slightly less as it covered mother from age 85 instead of 94. Bud & Mary called as they received the insurance form and had a question about it. I asked Sandra Lake so I could tell Bud what to do. I went to Dr. Southwick's office and they found the Physician Mutual Insurance paper he had filled in and sent on May 13. Didn't send a copy of his bill as I asked them to send it. Come back to Bev and we got the money divided. Bud received a \$700.00 bond from Mother a couple years ago & she left Bev & I one also. He left us each \$200.00. Bev paid me my share of \$43.00 for the ambulance and clothes. Bud over me \$43.00. Will deduct it from his \$200.00. I had paid the full amount earlier. Edward's tooth by the one that was pulled is hurting. Dr. went  
to Dr. Shurtleff's office but the doctors day off and the office girl  
made an appointment for tomorrow morning. Bev and I met with  
Keri Romero. She called S.R. and I signed a medi-care check  
we received and sent it back. She said it would take 3 or  
four months before all the costs would be paid. If we have  
any problems to call her. The S.S. & Pension checks that  
Bev & I cashed (416.00) I put in my Dec. fund as Keri said  
Medicaid wasn't covering any expense in May and we might  
need it. I didn't want the money in the house. I sent  
Bev his \$158.00 & \$2.00 bill by Credit Union money order. Went to  
Wenggard's to have extra copies made of Mother's Medicaid card  
to send to the doctor & hospital. Betty Drigell visited

Clay & 3 of his friends stole some Sun-glasses from the store  
& got caught. The owner chewed him out & he has to work for  
him to pay for his mistake. Blue his parents talked to him  
and grounded him from his french for a week. Evelyn is  
feeling better than she sounds. We was home by 8:15.

the house while we were gone. Lyman Anderson & Howard  
Jensen our Home teacher came. Bruce & Brenda stopped  
in & then we went to their place to see the yard work  
they have done. Pulled old bushes & tree up and  
replanted. I feel better tonight.

will take. We worked until 4:30. Kathy stopped by to see us.  
Lloyd stopped in before he went to the doc. He was sick and threw  
up last night. Talked to Bev and Lloyd has internal bleeding and  
he goes to the hospital in the morning for tests. Another worry for Bev.  
Bev ~~is~~ doesn't look very good. She worries about me to and I worry about  
her. She is to thin and sallow color and wrinkled. Bev called to  
ask how we were doing and if Medicaid is helping. Mary and her  
Mother were in Tacoma. Bruce, Brenda, Michelle & boys came. They  
brought a load of dirt to put by wooden fence. Be & Edward spaded

Today I washed and ironed clothes. This a.m. I had  
a haircut at Stacey's school. \$4.50 Stopped at Bewi. She was ironing.  
We sorted the rest of mother's clothes that we took to the care center.  
I left a box + sack of items at the D.T. I cleaned the  
laundry room and got rid of old curtain rods + etc. When I  
got home I went thru the sack of temple clothes and  
mocker had a nice complete set. I laundered + pressed them.  
We bought new ones for her barrel as we didn't know she had  
these. Sylvia + Wale Floyd stopped by to visit. I gave  
her a picture of Mrs. Zina Hope. She + Wale Floyd are fine.  
They have got to prove water rights + share on their properties  
in Idaho. It has something to do with the Snake River  
Drainage. Nate + Bruce called + chatted. Bruce had  
spent sometime at the bank to work on the loans.

Thursday June 1, 1989 Warm day. Few drops of rain  
in late afternoon. The beans in the garden popped up today.  
Today I vacuumed and dusted + changed furniture in the  
front room. Washed bedding. Kept busy. It is payday.  
Went to the credit union and transferred \$500.00 a piece into  
savings from checking. We took it out when we left for our  
mission. We received a letter from Pres. Conrad Jensen  
our mission Pres. Thanking us for our desire to go on a mission  
and wishing us success + happiness in whatever we do and that  
we benefited the short time we were there in Oakland. Bsq. Orgill  
called + said he received our mission release + he + Betty  
came to see us. He showed us the letter and  
said Pres. Nielsen wanted us to feel good about it.  
He wants us to speak at Sac. June 25th. We talked  
about some of our experiences. Betty brought us strawberry  
short cake. Delicious. Berrys came from their patch.  
We showed them a \$225.44 check the church sent us  
for travel. We didn't expect it when we came home  
unexpected. We will give more money to help the ward  
+ church. People here been so good to help us. Flissie + I  
went to Wangsards to buy petunia plants. She stayed  
to visit awhile + ate ice cream with us. Bruce + Brenda
